nobody wants to go to heaven . . . but everybody wants to die David Mclean

The eviscerating negation of a pristine surgeon, this book culminates in a collection of what represents McLean's finest work to date. These are no bullshit poems, etched with a masterful control of both succinct language and piercing imagery, born of a restless intellect, at once at war with the within and the without. This book has the capacity to make you feel empowered in the face of the Nothing that is, and you will thank him for it
