**Nature's Patterns - Nature Photo Essay (Nature Book for Children and Adults) Meg Lambourne**  
**This is what happy readers have to say about this beautiful nature book:**

- *"This book is a feast for the eyes! ...." Cynthia Krejesi*
- *"I'm a teacher, and will use this to help my first graders get inspired for creative writing!" Lucy A. Jennings*
- *"What an amazing collection of nature patterns!..." OPV*
- *"...What a treat to be able to share this book with children." lizv*

Nature's patterns are displayed in beautiful, high quality images with engaging, lyrical descriptions.

Delightful viewing and reading for children or adults showcasing our beautiful environment.

The descriptions are appropriate for older children to read or for early readers to be guided through.

These nature photos are captivating enough for a child of any age (even an adult) to simply view and marvel at the natural world's beautiful patterns.

The beautiful photos include the rich and varied patterns of animals, plants and much more from the wonders of the natural world around us.

From the book: "The types of patterns seen throughout nature are infinite. They are revealed in plants, animals and minerals; on the land and under the sea. There is a magnificent world in nature and the enjoyment is never ending."

#### **Julie Chambers:**

As a university student exactly feel bored for you to reading. If their teacher questioned them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to there but nothing reading seriously. Any students feel that looking at is not important, boring in addition to can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this era, many ways to get whatever we want. Likewise word says,

many ways to reach Chinese's country. Therefore this Nature's Patterns - Nature Photo Essay (Nature Book for Children and Adults) can make you sense more interested to read.
