The Laws of Manifestation: A Consciousness Classic David Spangler

Over thirty years ago, a small band of people began an intentional community called Findhorn. They lived by applying principles of attracting to oneself, through love, whatever materials, energy, or help were needed to promote wholeness or further growth. David Spangler, who was one of those early residents of Findhorn, began writing down how those laws worked. In 1975, his writings were first published as *The Laws of Manifestation*. This long-unavailable book is now available again with a new introduction by the author.

Spangler shows how we can all transform our lives by working with these natural laws. In clear and lucid prose, he recounts the history of manifestation and how to grow in spiritual riches (the most important of all) in a step-by-step guide to enlightenment. While other experts in this suddenly burgeoning field tend toward applying manifesting energy toward real estate, money, and myriad materials, Spangler looks at the basis of what he describes as a change of form, or state, or condition of being, NOT creating something out of nothing.
