Jean Grondin

Introducción a la metafísica (Biblioteca Herder) (Spanish Edition) Jean Grondin

Un proyecto que marca nuevos rumbos y se acerca a una ciencia que, desatendida por el mundo científico, es constitutiva del fundamento de la filosofía.

La metafísica sigue siendo quizás el presupuesto insuperable de todo pensar, en la medida en la que es a ella a la que le incumbe aportar el proyecto de comprensión del mundo, con vocación de universalidad, que se pregunte por el ser y el porqué de las cosas.

Según Jean Grondin, la necesidad de una introducción a esta rama de la filosofía se ha vuelto urgente debido al clima de sospecha general que la envuelve. A través de la presentación y el análisis de textos de Parménides, Aristóteles, San Agustín, Descartes, Heidegger, Gadamer y Derrida, entre otros, el autor propone, con sencillez y claridad, un ameno itinerario por sus momentos clave. El objetivo de la obra no es pasar revista a los «grandes sistemas» metafísicos en toda su diversidad, sino poner de relieve la continuidad de una cuestión y de una rama de la filosofía quizá constitutiva del pensamiento filosófico como tal.
