Primary Science: Teaching Theory and Practice (Achieving QTS Series) John Sharp, Graham A Peacock, Rob Johnsey, Shirley Simon, Robin Smith, Alan Cross, Diane Harris

The essential teaching theory and practice text for primary science. Covering the skills of planning, monitoring, assessment and class management, it relates these specifically to primary science. With full coverage of the theory and practice required for effective and creative science teaching, this text is an essential guide for all trainees working towards QTS. Throughout, practical guidance and features support trainees to translate this learning to the classroom, embed ICT in their lessons and to understand the wider context of their teaching. This 7th edition has been updated in line with the new National Curriculum.
