A Friendly Letter to Skeptics and Atheists: Musings on Why God Is Good and Faith Isn't Evil David G. Myers

A Friendly Letter to Skeptics and Atheists helps readers—both secular and religious—appreciate their common ground. For those whose thinking has moved from the religious thesis to the skeptical antithesis (or vice versa), Myers offers pointers to a science-respecting Christian synthesis. He shows how skeptics and people of faith can share a commitment to reason, evidence, and critical thinking, while also embracing a faith that supports human flourishing—by making sense of the universe, giving meaning to life, connecting us in supportive communities, mandating altruism, and offering hope in the face of adversity and death.
