Leadership for Environmental Sustainability (Routledge Studies in Business Ethics)

As the first book in the field of leadership studies to approach sustainability as a multi-faceted leadership challenge, Leadership for Environmental Sustainability will help to set the terms of the discussion on this topic among students, scholars, and practitioners of leadership for years to come. It explores the connection between leadership and sustainability from a variety of disciplinary perspectives, including sociology, history, psychology, business, literature, communication, and the arts. With short chapters edited for readability, the book is aimed at scholars, practitioners, students, and educated lay readers interested in cutting-edge research and thinking on this topic.
