## **The Olympic Odyssey: Rekindling the True Spirit of the Great Games** Phil Cousineau

This book was purchased by the US Olympic Committee and given to each member of the US Olympic Team of the Summer 2004 Games as well as those participating in the Special Olympics. Nothing draws people together quite like sports. This book explores exactly why that is. In anticipation of the nostalgic return of the Games to Greece in 2004, mythologist and life-long athlete Phil Cousineau has produced a work that, unlike other titles on the subject, delves deeply into the spiritual dimension of the Olympics and potentially all athletic activity.

Reaching far back to the mythic and historic origins of the Games nearly 3,000 years ago, Cousineau examines the driving motivation behind these first ancient gatherings, which was peaceful competition in an atmosphere of fair play and brotherhood, as well as the pursuit of excellence in mind, body, and spirit. And following through to the present day, he describes how these same ideals still compel coaches, athletes, and fans to sports arenas today, despite obstacles with doping and bribery we occasionally find in the modern Games.

A collector's dream, this book contains ancient and contemporary illustrations, historic facts, anecdotes, famous quotes, and interviews with Olympic athletes, including three-time medalist Sarunas Marciulionis of Lithuania and legendary swimmer Matt Biondi. Also featured are excerpts from Cousineau's interviews about the cultural role of sports with mythologist Joseph Campbell and religious historian Huston Smith.

*The Olympic Odyssey* is written for all fans of the game of life who esteem true leadership, aspire to personal wholeness, and seriously question the cultural obsession with winning at all costs. Ultimately, it suggests the deepest reason we so love great athletes is for how they encourage us to achieve the highest level of being possible in our own lives, no matter what the arena in which we play.
