## **Unboxing IT: A Look Inside the Information Technology Black Box** Christopher McCay

Computers and technology have reached a level of invisibility in our lives that is equal to indoor plumbing and electricity. We don't think about the mechanics of how they work, but when any of those systems breaks it is a MASSIVE disruption in our lives. All of us understand the basics of how a fuse box works or how to plunge a toilet, and with this book you will learn those equivalents in the IT world. This book will give a basic understanding of the various disciplines that exist within the IT world, some of the thought processes behind the methodologies IT professionals follow, and touch on some of the realities of living in a truly technological wonderland.
