La mediazione familiare (Italian Edition) Gessica De Cesare

La Mediazione Familiare si rivolge alla coppia genitoriale per supportarla a fronte di una separazione o divorzio nel riorganizzare le relazioni genitoriali.

E' possibile definirla inoltre come una metodologia specifica di aiuto alla coppia nella presa di decisione con un mediatore; essa consiste in un setting ben preciso di incontri con finalità e metodi specifici e può essere utilizzata nei diversi momenti del processo di crisi della separazione coniugale, nella quale i genitori, separati o in via di separazione, si rivolgono liberamente ad un terzo neutrale, appunto il mediatore, per ridurre gli effetti distruttivi di un conflitto, in genere grave, che interrompe o disturba la comunicazione tra loro.

La prima finalità quindi della mediazione è ristabilire la comunicazione tra le parti per poter raggiungere un obiettivo concreto: la pianificazione e l'attuazione di un progetto di riorganizzazione delle relazioni in gioco dopo la separazione o il divorzio. Più specificamente l'obiettivo finale della mediazione familiare corrisponde al riappropriarsi, da parte del padre e della madre, nel primario interesse dei loro figli, e anche delle loro proprie esigenze, della comune responsabilità genitoriale.

Il presente ebook, per il taglio che gli è stato volutamente conferito dall'autrice, non è soltanto destinato alla formazione degli operatori del settore, ma si presta anche ad un pubblico più vasto di non addetti ai lavori. Completa l'opera un'analisi esaustiva sulla situazione della mediazione familiare in Italia.
