Advances in aquaculture hatchery technology: Developing educational programs in partnership with aquaculture hatchery facilities (Woodhead Publishing Series in Food Science, Technology and Nutrition) D. Meritt, D. Webster

The hands-on nature of the hatchery setting is a natural supplement to curriculum units for students of all ages and experience levels. This chapter addresses the benefits of experiential education and provides descriptions of its use for a variety of aquaculture-based learning experiences pertinent to a number of subject areas. Recommendations for implementing such programs are presented for each grade level and discipline. The chapter provides a number of examples and resources to aid the reader in developing or enhancing instruction in the hatchery or classroom.
