In the first of a supernatural trilogy, one Dr. Alice Doyle finds that the power to fight evil comes from places she'd never believe. . .

While the sounds of battle echo through the sky, a lady doctor has more than enough trouble to keep her busy even in a sleepy hamlet outside London. But the threat is nearer home than Alice knows. German agents have infiltrated her beloved countryside--Nazis who can fly, read minds, and live forever. They're not just fascists. *They're vampires.*

Alice has no time for fantasy, but when the corpses start appearing sucked dry, she'll have to accept help where she can get it. If that includes a lowly Conscientious Objector who says he's no coward though he refuses to fight, and her very own grandmother, a sane, sensible woman who insists that she's a Devonshire Pixie, so be it. Indeed, whatever it takes to defend home and country from an evil both ancient and terrifyingly modern. . .
