Identification and Treatment of Alcohol Dependency Professor Colin Martin

Colin Martin has brought together an excellent set of contributors to produce a truly comprehensive text that will ensure all interested professionals can not only update their knowledge but also better understand each other's roles and how best to help patients and clients through shared working to achieve a common goal of better health. This book is not just for people who see themselves as having a primary role in the field, but also for those – teachers, the police and family members – who live daily with its effects. Professor Dame Betty Kershaw University of Sheffield, UK Alcohol dependency represents an enduring problem for both the individual and wider society. Despite contemporary media coverage on increasingly dangerous levels of drinking in the United Kingdom, the fact remains that excessive alcohol consumption has been a distinguishing feature of Western society for generations. This book is arranged by a number of themed parts, largely representing the key areas in the process of facilitating access to effective clinical management. The book will also be of interest to the wider public who have an interest or concern in relation to alcohol dependency.
