Giuseppe Mazzini and the Origins of Fascism (Italian and Italian American Studies)

Simon Levis Sullam

Giuseppe Mazzini and the Origins of Fascism (Italian and Italian American Studies) Simon Levis Sullam

In this controversial and groundbreaking study, Simon Levis Sullam proposes a compelling reinterpretation of the political thought of one of Italy's founding fathers, Giuseppe Mazzini (1805-1872). By suggesting a new approach to understanding the origins of fascist ideology, he sheds much-needed light on the continuity between nineteenth-century Italian nationalism and fascism. Providing the first in-depth analysis of the religious aspects of Mazzini's nationalism (which has generally been categorized by historians as liberal and democratic), Levis Sullam identifies its authoritarian and potentially anti-democratic components and traces their influence on the rise of conservative and fascist politics in Italy. Ultimately, the book demonstrates that the absence of a civil religion in the process of Italian national identity formation, in concert with the Risorgimento's relatively weak democratic tradition, was a critical factor in the evolution of right-wing ideology in the nation.
