Over the past thirty years, we've seen a radical redistribution of wealth upward to a tiny fraction of the population. Here, activist Chuck Collins explains how it happened and marshals wide-ranging data to show exactly what the 99/1 percent divide means in the real world and the damage it causes to individuals, businesses, and the earth. Most important, he answers the burning question, what can be done about it? He offers a common-sense guide to bringing about a society that works for everyone: the 100 percent.
