Hermann Gunkel

Creation and Chaos in the Primeval Era and the Eschaton: A Religio-Historical Study of Genesis 1 and Revelation 12 (The Biblical Resource Series) Hermann Gunkel

Foreword by Peter Machinist

Hermann Gunkel's groundbreaking *Schöpfung und Chaos*, originally published in German in 1895, is here translated in its entirety into English for the first time. Even though available only in German, this work by Gunkel has had a profound influence on modern biblical scholarship.

Discovering a number of parallels between the biblical creation accounts and a Babylonian creation account, the *Enuma Elish*, Gunkel argues that ancient Babylonian traditions shaped the Hebrew people's perceptions both of God's creative activity at the beginning of time and of God's re-creative activity at the end of time.

Including illuminating introductory pieces by eminent scholar Peter Machinist and by translator K. William Whitney, Gunkel's *Creation and Chaos* will appeal to serious students and scholars in the area of biblical studies.
