The road to believing can be one wild ride.

A Northern Shifters Book

Seamus O'Connor thought his friendship with Zachariah Smithson was just that—a relationship born on one horrific night seven years ago. He never thought he'd end up inheriting the old man's farm.

Tons of chores and hard work are nothing new for Seamus. The farm comes equipped with all he needs—and something he didn't expect. Unsettling, late-night visits from Zachariah's grandson Ri, a man who appears and disappears like a ghost.

Ri has had little contact with the outside world, with good reason. Horse shifters aren't any human's idea of normal. Plus, he's wary of being the next target of the werewolves who took his twin brother. Trust his matchmaking grandfather to give him a reason to come home—Seamus.

As Seamus gradually learns the truth of Ri's life, their relationship tentatively grows—and danger grows closer. For it was Ri who rescued Seamus on that terrible night long ago. Seamus is about to realize he's had his own encounters with werewolves. He just doesn't know it—yet.

Warning, this story contains unexpected night visits, expected night visits, wild rides and growing love.
