Where can a woman turn when her own life threatens to overwhelm her ability to keep her children safe? *New York Times* bestselling author Jacquelyn Mitchard takes the readers of her newest novel on a wry and moving journey of loss and healing.

Giving advice is what Julieanne does for a living -- every Sunday she doles it out to clueless people she doesn't know, in a column in her local Wisconsin paper. But when it comes to her personal life, Julie herself seems to have missed some clues. Having worked creatively to keep her twenty-year marriage to Leo fresh and exciting, she is completely caught off guard when he tells her he needs to go on a "sabbatical" from their life together, leaving Julie and their three children -- Gabe, Caroline, and Aury -- behind. But it soon becomes clear that his leave of absence is meant to be permanent. The succeeding months are filled with a confusion and sadness that shake the core of the entire family. Things take a turn for the worse when Julie is diagnosed with a serious illness and the children undertake a dangerous journey to find Leo -- before it's too late. As the known world sinks precariously from view, the clan must navigate its way through the shoals of love, guilt, and betrayal. Together, with the help of Leo's parents and Julie's best friend, Cathy, they work their way back to solid ground and a new definition of family.

No one illuminates modern love, marriage, and parenting better than Jacquelyn Mitchard. Written with her trademark poignancy, humor, and insight, *The Breakdown Lane* is her most moving, eloquent, and life-affirming work yet.
