The "Safe Money Millionaire" debunks the financial wisdom that has cost Americans trillions in losses in the stock market. Now more than ever baby boomers and Americans saving for retirement are looking for safety for their money rather than chasing returns on Wall Street. In this book we crush the financial myths ranging from 401(k)'s being a good place for retirement savings, to diversifying with Mutual Funds, to keeping your credit score high and getting a low interest rate. The solution is a predictable, easy to follow plan to growing wealthy without risking money on Wall Street, reducing or eliminating interest paid to banks and credit card companies, plus protecting yourself from taxes that can ravage retirement savings in qualified plans.
