ZeroMQ Faruk Akgul

In Detail

ØMQ (also spelled ZeroMQ, 0MQ, or ZMQ) is a high-performance asynchronous messaging library aimed at use in scalable distributed or concurrent applications. It provides a message queue, but unlike message-oriented middleware, a ØMQ system can run without a dedicated message broker. The library is designed to have a familiar socket-style API.

"ZeroMQ" teaches you to use ZeroMQ through examples in C programming language. You will learn how to use fundamental patterns of message/queuing with a step-by-step tutorial approach and how to apply them. Then, you'll learn how to use high level APIs and to work with multiple sockets and multithreaded programs through many examples.

This book looks at how message/queue works in general and what kinds of problems it solves. Then, it explains how ZeroMQ works and how it differs from other message/queue libraries and how it can be used in different scenarios.

You will also learn how to apply essential message/queue design patterns in different scenarios, and how they differ from each other. It shows you practical examples you can apply. You will also learn how to work with multiple sockets.

You will learn the basics of ZeroMQ as well as how to use different patterns.

Approach

A practical, step-by-step example-rich tutorial.

Who this book is for

If you are a C developer who wants to learn about ZeroMQ, this book is for you. It is assumed that the reader has C experience at some level but prior ZeroMQ knowledge is not expected.

From reader reviews:

Mary Hanlon:

Information is provisions for anyone to get better life, information nowadays can get by anyone with everywhere. The information can be a know-how or any news even a problem. What people must be consider while those information which is inside former life are hard to be find than now is taking seriously which one is acceptable to believe or which one the particular resource are convinced. If you find the unstable resource then you understand it as your main information you will have huge disadvantage for you. All of those possibilities will not happen in you if you take ZeroMQ as the daily resource information.

Michael Hale:

Playing with family in a very park, coming to see the sea world or hanging out with buddies is thing that usually you have done when you have spare time, after that why you don't try factor that really opposite from that. 1 activity that make you not feeling tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of information. Even you love ZeroMQ, you may enjoy both. It is fine combination right, you still desire to miss it? What kind of hang-out type is it? Oh can occur its mind hangout people. What? Still don't have it, oh come on its named reading friends.

Joyce Williams:

You may get this ZeroMQ by visit the bookstore or Mall. Simply viewing or reviewing it might to be your solve challenge if you get difficulties to your knowledge. Kinds of this reserve are various. Not only by written or printed but additionally can you enjoy this book simply by e-book. In the modern era such as now, you just looking of your mobile phone and searching what your problem. Right now, choose your own ways to get more information about your book. It is most important to arrange yourself to make your knowledge are still change. Let's try to choose correct ways for you.

Jeremy Quick:

As a student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's heart and soul or real their hobby. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that reading is not important, boring along with can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this ZeroMQ can make you feel more interested to read.
