World Congress on Intellectual Capital Readings (KMCI Press)

World Congress on Intellectual Capital Readings (KMCI Press)

An impressive collection of the latest cutting-edge work in the dynamic field of intellectual capital. Experts from around the world discuss the current state of affairs from a variety of perspectives, providing a cross-disciplinary view of the field. All contributors presented their research at the top global conference in this field - the World Congress on Intellectual Capital.

The underlying theme of the book is to explain how an organization can identify, measure, manage, leverage and act upon its collective intelligence towards the pursuit of sustainable innovation. The book is divided into three main parts which first establish a foundation of literature, then examine various measurement approaches and finally conclude with a variety of applications.

"This collection of papers from the conference is special for its seminal research, strategic visions, and thought-provoking discussions. Make sure this book has a place in your library!"

Dr. Jac Fitz-enz, Founder and Chairman, Saratoga Institute
