Nature's Path Susan E. Cayleff

An alternative medical system emphasizing prevention through healthy living, positive mind-body-spirit strength, and therapeutics to enhance the body's innate healing processes, naturopathy has gained legitimacy in recent years. In *Nature's Path*—the first comprehensive book to examine the complex history and culture of American naturopathy—Susan E. Cayleff tells the fascinating story of the movement's nineteenth-century roots.

While early naturopaths were sometimes divided by infighting, they all believed in the healing properties of water, nutrition, exercise, the sun, and clean, fresh air. Their political activism was vital to their professional formation: they loathed the invasive, depletive practices of traditional medicine and protested against medical procedures that addressed symptoms rather than disease causes while resisting processed foods, pharmaceuticals, environmental toxins, and atomic energy. Cayleff describes the development of naturopathy's philosophies and therapeutics and details the efforts of its proponents to institutionalize the field. She recognizes notable naturopathic leaders, explores why women doctors, organizers, teachers, and authors played such a strong role in the movement, and identifies countercultural views—such as antivivisection, antivaccination, and vegetarianism—held by idealistic naturopaths from 1896 to the present.

Nature's Path tracks a radical cultural critique, medical system, and way of life that links body, soul, mind, and daily purpose. It is a must-read for historians of medicine and scholars in women's studies and political history, as well as for naturopaths and all readers interested in alternative medicine.

From reader reviews:

Charles Carter:

Reading a e-book can be one of a lot of activity that everyone in the world likes. Do you like reading book therefore. There are a lot of reasons why people love it. First reading a reserve will give you a lot of new info. When you read a book you will get new information due to the fact book is one of several ways to share the information or their idea. Second, reading a book will make you more imaginative. When you reading through a book especially hype book the author will bring one to imagine the story how the personas do it anything. Third, you are able to share your knowledge to other folks. When you read this Nature's Path, you may tells your family, friends and also soon about yours book. Your knowledge can inspire others, make them reading a publication.

Joe Bell:

A lot of people always spent their particular free time to vacation as well as go to the outside with them family members or their friend. Are you aware? Many a lot of people spent that they free time just watching TV, or maybe playing video games all day long. If you wish to try to find a new activity honestly, that is look different you can read a new book. It is really fun to suit your needs. If you enjoy the book that you read you can spent 24 hours a day to reading a book. The book Nature's Path it is quite good to read. There are a lot of those who recommended this book. They were enjoying reading this book. In case you did not have enough space to deliver this book you can buy the particular e-book. You can m0ore easily to read this book from the smart phone. The price is not too costly but this book offers high quality.

Robert Nguyen:

Exactly why? Because this Nature's Path is an unordinary book that the inside of the guide waiting for you to snap this but latter it will distress you with the secret this inside. Reading this book alongside it was fantastic author who have write the book in such wonderful way makes the content inside of easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you for not hesitating having this any longer or you going to regret it. This book will give you a lot of advantages than the other book have such as help improving your expertise and your critical thinking technique. So , still want to hold up having that book? If I ended up you I will go to the book store hurriedly.

Lawrence Gibbs:

This Nature's Path is great guide for you because the content and that is full of information for you who all always deal with world and still have to make decision every minute. That book reveal it information accurately using great arrange word or we can claim no rambling sentences within it. So if you are read it hurriedly you can have whole details in it. Doesn't mean it only provides you with straight forward sentences but challenging core information with lovely delivering sentences. Having Nature's Path in your hand like getting the world in your arm, information in it is not ridiculous one particular. We can say that no book that offer you world with ten or fifteen moment right but this publication already do that. So , it is good reading

book. Hey there Mr. and Mrs. occupied do you still doubt this?
