Having just completed a careful study of nearly a dozen different sexual styles, (*Sexual Styles: A Guide to Understanding Your Lover's Personality*, Humanics, 1998), John Berez now applies this same analysis to the sexual lives of the last ten American Presidents; not from the viewpoint of an historian or tabloid journalist but as a clinical psychologist. From the silhouette of our personality style emerges our sexual style; through careful analysis of the personality styles and especially in their relationships with women, *All the Presidents' Women* probes the past and present inhabitants of the world's most powerful office - with surprising results. From President Truman through Bill Clinton, Berez provides a fascinating investigation into the lives, loves and motivations of these influential men. With depth and clarity, *All the Presidents' Women* presents answers to questions such as: Did Bess Truman henpeck her husband Harry? Was Jack Kennedy a wildly promiscuous playboy, or did he just have a great capacity to love lots of women? Was Lyndon Johnson indeed crude, or was he putting on a sideshow? Did Nixon's paranoia extend beyond the press corps and other politicians and was he suspicious of everyone? *All the Presidents' Women* will engender new understanding of our presidents' personalities, their sexual styles and the women they have loved.
