Rise of the Arcane Fire (The Secret Order Book 2) Kristin Bailey

Mysteries of Meg's past and threats to her future are revealed in the thrilling and suspenseful second book in The Secret Order trilogy, set in steampunk Victorian London.

After her parents died in a fire and her grandfather disappeared, Meg Whitlock thought her life had come to a standstill. But when she learned that the pocket watch her grandfather left her was really an intricate key, Meg, with the help of a stable hand named Will, uncovered the Amusementists: members of an elite secret society dedicated to discovery and shrouded in mystery.

Now the Amusementists are convening in London, and Meg is determined to join their ranks. But being the first girl in the Order has its difficulties, and with Will away in Scotland, Meg fears she can't trust anyone but herself. Her worries are only supported by the sabotage happening at the academy, with each altered invention being more harmful than the last.

With threats lurking around every corner, and while trying to prove her worth as the first female Amusementist, Meg must uncover the identity of the academy's saboteur before the botched devices become deadly. And after she finds evidence of a sinister and forbidden invention, Meg must stop it—or risk the entire future of the Amusementists.
