Communications and Networking (Computer Communications and Networks)

John Cowley

Communications and Networking (Computer Communications and Networks) John Cowley
'Communications and Networking' provides a clear and easy to follow treatment of the subject, written specifically for undergraduates who have no previous experience in the field. The author takes a step by step approach, with many examples and exercises designed to give the reader experience and increase confidence by using and designing communications systems. Written by a lecturer with many years' experience teaching undergraduate programmes, the text takes the reader through the essentials of networking and provides a comprehensive, reliable and thorough treatment of the subject. The author's website provides further material in the form of solutions, further examples and other relevant subject matter.
