Monty Python and Philosophy: Nudge Nudge, Think Think! (Popular Culture and Philosophy Book 19) Gary L. Hardcastle, George A. Reisch

From the 1970s cult TV show, *Monty Python's Flying Circus*, to the current hit musical *Spamalot*, the Monty Python comedy troupe has been at the center of popular culture and entertainment. The Pythons John Cleese, Graham Chapman, Eric Idle, Terry Jones, Michael Palin, and Terry Gilliam are increasingly recognized and honored for their creativity and enduring influence in the worlds of comedy and film. *Monty Python and Philosophy* extends that recognition into the world of philosophy. Fifteen experts in topics like mythology, Buddhism, feminism, logic, ethics, and the philosophy of science bring their expertise to bear on Python movies such as *Monty Python's Life of Brian* and *Flying Circus* mainstays such as the Argument Clinic, the Dead Parrot Sketch, and, of course, the Bruces, the Pythons' demented, song-filled vision of an Australian philosophy department. *Monty Python and Philosophy* follows the same hit format as the other titles in this popular series and explains all the philosophical concepts discussed in laymen's terms.
