All successful schools have one thing in common - they are full of brilliant teachers. This doesn't happen by chance. If schools are to develop their teachers into first rate reflective and high performing practitioners, they need a varied and personalised CPD programme - based on collaboration and sharing best practice. This book looks at how schools can move away from the 'one size fits all' approach to CPD that still exists in a number of schools, to a CPD programme that will appeal to a range of teachers, unlocking the potential that exists within the staffroom. It's about excellence from within.
