The Liberation Debate: Rights at Issue

The Liberation Debate: Rights at Issue

This well-documented collection challenges the reader to examine and judge the arguments in six areas of contemporary unrest: women's liberation, black liberation, gay liberation, children's liberation, animal liberation and liberation in the Third World. It refrains from taking a single point of view, thus allowing the reader to gain an insight into the various aspects of the debate. Designed both for students and a general audience, *The Liberation Debate* encourages readers to become active participants in fraught and topical debates.
