"No matter how paranoid or conspiracy-minded you are, what the government is actually doing is worse than you imagine. ...Don't believe anything until it's been officially denied." William Blum, former U.S. State Department employee. As a firefighter Chaplain, Bruce went to New York City six days after the 911 attacks and labored on the One World Trade Center rubble pile for several weeks. He also served in a nearby makeshift morgue where the fragmentary remains of thousands of victims were processed for identification. A revelation emerged from these experiences like a ghost from the past, revealing an important spiritual key to understanding why the terrorist attacks occurred and how America can recover morally, ethically and spiritually. He discovered the suppressed history of America's Christian roots and the profound influence the Bible had on the US Constitution and the Bill of Rights Framers as they established a new Republic offering the greatest political and religious freedom in all of human history. The truth is indeed stranger than fiction and this insightful book tackles the most pressing issues facing our nation and offers powerful suggestions that can bring America back from the brink of destruction. 9/11 Target boldly rips the "have a nice day smiley-face" mask off of the evil forces (like al Qaeda) who are seeking to destroy the Republic and replace it with an Orwellian, Socialist nightmare. It reveals how evil puppet-masters are conspiring to destroy Christian liberty. Finally, it exposes an ancient prophetic agenda for ultimate good that underlies everything that is happening, and how that agenda will one day overcome and destroy all evil, liberating the entire world.
