# Evidence-based Urology (Evidence-Based Medicine)

## **Evidence-based Urology (Evidence-Based Medicine)**

This unique book provides up-to-date information on the appropriateness of both medical and surgical treatment options for a broad spectrum of urological conditions based on the current best evidence.

Written by an international team of authors that stand out through their specialty expertise and leadership in practicing evidence-based urology, this book provides practical recommendations for the care of individual patients. Each chapter addresses a series of focused clinical questions that are addressed in a systematic fashion, including a comprehensive literature search, a rating of the quality of evidence, and an assessment of ratio of benefit and harm of a given treatment option.

*Evidence-Based Urology* is an invaluable source of evidence-based information distilled into guidance for clinical practice.
