Igniting Your Soul Life Gary Zukav

According to the best selling author Gary Zukav, "What it means to be a human being is changing in deep, irrevocable, and highly significant ways. It's not a matter of looking at things differently than we have before; it's a matter of being *able* to look at things differently than we did before."

On this fascinating audio program, Zukav and New Dimensions Radio host Michael Toms discuss the future, one that is exploding with possibility and potential. Zukav explains that as we communicate more and more with the nonphysical world and comprehend the deep spiritual dynamics that underlie the surface appearances of our physical reality, we gain "authentic power." He reveals how to get in touch with this power to become a "multisensory" person and gain access to data that your five senses cannot provide. As you listen to this spirited dialogue, you'll see how to develop your intuitive powers, better understand the nature of male-female relationships, learn techniques to help your personality become aligned with your soul...and much more!
