If God's desire to enlarge His family matters...

If the church of the future matters...

If the gospel still matters...

We must embrace the changes that are happening in our world.

There is no going back. Our world is changing at an unprecedented rate. We are connected with people all over the planet through technology that didn't even exist ten years ago. The world around us is having a conversation about life, meaning, culture, and eternity, and we have an amazing opportunity not just to join the conversation but also to lead it.

But too many in the church are struggling to keep up with this cultural shift and failing to use these communication tools to their full advantage. In *Rewired* Brandon Cox demonstrates the real, connecting power in online social networks, showing you how to connect and tell God's story relationally and creatively in our social, digital age.

Because the thing is, social media isn't an escape from the real world. It *is* the real world, whether we are ready for it or not. And this shift we are seeing toward a more mobile, social environment is actually a return to the form we were created for: to be in relationships, to have conversations, and to share our stories--and God's--with each other.
