**Thoughts of the Greats: commented on in the light of teachings of the Masters** Vitaliano. Bilotta

Deeply interested in the development of our Consciousness and in Reincarnation, the author through contact with great mediums who received teachings from higher beings, applies these teachings to situations in everyday life. Well-known in Italy, Vitaliano Bilotta has studied the philosophy of reincarnation for more than forty years.

In these pages he has woven together scenes from the lives of two sales representatives who, as they travel together, pass the hours sharing their passion for knowledge.

In open, good-humoured dialogue together, they trace the paths of knowledge. Roberta has studied the thought of incarnate Greats of all time – Julius the thought of the Guides who manifest themselves through great mediums. The thought of the great masters, from Buddha to Confucius to Jesus, is applied here in a clear, simple way to the large and small matters of life, giving rise to a philosophy which is an aid to life in the modern age, as the mind expands and discovers new horizons.

The true aim of this book is to transmit the teachings which come via the Guides to those who need it, for he believes that the teachings are not given to us to keep hidden. They are for guidance and support. This is the second of his books to have been translated into English.
